To: The Sunbeam Daycare

I, Patricia Patton am a new comer to the Sunbeam Daycare. I started my twins Kamarie and Jamarie on June 5th, 1995. I am very satisfied with the Sunbeams Daycare service. The daycare is a good and sanitary environment for my children. Especially the age group of my twins, Kamarie and Jamarie being 4 months old, I am extremely confident when my children are at the Sunbeam Daycare because, I know that they are being well taken care of. Mrs. Veronica Buckner always keeps me informed of the well being of my children, which is very pleasing to me. I noticed that all the children at the daycare knows her by the name "Nanny". And my definition of a Nanny is a mother like figure. I am so at peace with the Sunbeam Daycare, that I hope that Kamarie and Jamarie will always be a part of the Sunbeam Daycare. Thank you Mrs. Buckner for being so kind hearted and accepting my twins.

***Yours truly,
Patricia Patton***

To: Sunbeam Day Care Home

Arienne J. Ligon-Gassaway has been attending Sunbeam Day Care Home since she was Seven weeks old. Veronica(Nanny) and Smith(Buck), referred to by the kids, have been nothing but supportive and nurturing from day one. I as a parent am very comfortable leaving Arienne in their care.

As Sunbeam's motto reads, "Loving Care in a Christian home environment, We stress Love, Caring and Sharing", I have witnessed this first hand and see it within my child every day as well as the other children that attend. Sunbeam is a clean and well kept facility. Nanny and Buck are very aware of Arienne's needs, likes and dislikes, they are able to tell when she is not feeling well or she just needs a little extra love. Nanny or Buck will call me to let me know when Arienne is not feeling well or when she has done something special that just can't wait until I pick her up or just call me because she wants to talk to her mommy.

I as a parent with the responsibility of a child, could not ask for **two better** child care providers than Nanny and Buck.

Adrienne F. Ligon

December 6, 2004

I am a mother of three sons which all three of my children has attended Sunbeam Day Care Home. The Buckner's has provided wonderful service and care for my children throughout the years.

My oldest child was one of the Buckner's first children due to the opening of their business in 1988 and two years later my middle child attended Sunbeam. Now fourteen years later my youngest child is following in his big brothers footsteps. I have left and returned to California and upon going to school I needed childcare and the first and only child care services that came to mind was Sunbeam. I am very much satisfied with the care they have given to my children through the years.

I would recommend Sunbeam Daycare Home to whomever is searching for a safe haven for their child/children away from home.

To whom it my concern :

My son Kylo Vaught has been attending Sunbeam Day Care since November 28, 1994. During this time I have not worried one bit about the care that my son has been receiving.

Sunbeam Day Care is truly a blessing for me as a first time mom. Not only does Mr. and Mrs. Buckner take excellent care of my son, they also help me with questions and concerns that I have as a first time mom.

Sunbeam Day Care is more than just day care for my son. It is a home away from home for both of us. They provide lots of love to all of there children and parents.

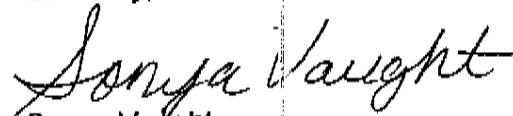

Mr. and Mrs. Buckner have helped tremendously in the developmental growth of my son, by providing him with visual and structural toys and lost of verbal interaction. My son has been attempting many new things at an early age as a result of there child caring.

From the first time I walked in to Sunbeam Day Care to check out the facility before enrolling my son, I knew it was the place for both of us. Today it is really hard to trust your children to anyone let alone some strange day care, but I did not get that feeling from Sunbeam Day Care or from Mr. and Mrs. Buckner. I felt very at ease and at peace with my son being there and I knew I would never have to worry.

I Being away from my son for eight hours a day is very hard thing for me, but Sunbeam Day Care helps me work with confidence knowing that my son is being taken care of like I would at home.

Thank you Sunbeam Day Care of which is Mr. and Mrs. Buckner.

Sincerely,

Sonya Vaught

Hi Nanny

Sorry this took so long. Here is your reference for the web site. Hope this helps

If you're looking for a great daycare service, we highly recommend Sunbeam Daycare. Both our children went to Sunbeam separately over the past six years. Veronica (aka "Nanny") and Buck really know how to take care of children. They offer a loving and caring Christian home. They have circle time and the children begin the early stages of development, sharing and learning good manners.

Nanny understands our busy work schedules so when we couldn't pick up our kids at the end of the day, she was always willing to keep and fed them dinner. Kids are recognized by having theme birthday parties every year. Even now when our kids are in school, they always want to go visit Nanny and Buck.

To: The Sunbeam Daycare

I, Nicole Stringfellow have been a parent of the Sunbeam Daycare sense October 1991. The service at the daycare is above and beyond my satisfaction. Somarra of 8 years old and Samika of 3 years old, always have good things to say about their "Nanny". The presents of the daycare is so, warm and homely like. Mrs. Veronica Buckner has the most friendliest attitude and personality. I have had my children attend other daycares but, Sunbeam is like no other. Mrs. Buckner goes out of her way to please each and every parent. I am notified immediately if there are any concerns of the well-being of my children. I, a parent of 3 1/2 years would like to just say "Thank you", Nanny for running such a wonderful daycare service.

***Yours truly,
Nicole Stringfellow***
